MIGUEL GARCÍA HERMIDA

Full-Stack Developer | DevOps | Relocating to Lausanne (2026/2027)
hermida95@gmail.com | +34 626 35 69 49 | LinkedIn | Portfolio

Nationality: Spanish (EU Citizen - Eligible for B Permit) **Current Location:** Pontevedra, Spain | **Relocating to Lausanne:** Oct 2026 – Mar 2027

PROFESSIONAL PROFILE

Advanced student in **Web Application Development (DAW)** with a solid foundation in programming and a strong drive to build robust software architecture. I combine my technical skills with over **6 years of experience in leadership and team management**, granting me highly effective problem-solving abilities and excellent communication skills. Currently focused on **TypeScript, React, and Node.js**, with a proactive approach to **DevOps** and the **Web3** ecosystem. A strong advocate for Clean Code principles and passionate about continuous technological learning.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, Python, Java, SQL.

Frontend: React, HTML5, CSS3, Tailwind CSS.

Backend: Node.js, NoSQL (Bases).

DevOps & Outils: Git, GitHub, Docker (Bases), CI/CD.

Databases: Conception et modélisation avec MySQL et Oracle.

Other: CMS (WordPress, Shopify), Leadership, Communication stratégique.

SELECTED IT PROJECTS

EvaOS| **GitHub**

- **Developed a specialized Progressive Web App (PWA)** addressing a specific operational need: complex healthcare schedule management, contract handling, and dynamic salary calculation.
- **Designed specifically for nursing and medical staff**, this platform replaces manual methods with an automated, secure, and mobile-optimized solution.

- **Technologies :** React, TypeScript, Supabase

Proker | **GitHub**

- **Developed a high-performance web application** dedicated to real-time probability calculation for Texas Hold'em Poker.
- **Implemented mathematical algorithms** to evaluate win, tie, and loss probabilities based on player hands, community cards, and the number of opponents.
- Built an intuitive and re**active user interface allowing dynamic data input for instantaneous analysis.**
- **Technologies :** React, JavaScript/TypeScript.

PROFESSIONAL EXPERIENCE

Full-Stack Web Developer (In Training & Independent Projects) *Freelance & DAW | Sept 2024 – Present*

- Designing and developing end-to-end web applications (Frontend & Backend) focused on Clean Architecture.
- Building practical projects utilizing TypeScript, React, and Node.js, including management platforms and algorithmic simulators.

Store Manager & Team Leader *Paralel Store | Jan 2023 – Aug 2024*

- Directed operations across 2 physical retail locations and directly managed a cross-functional team of 7 employees.
- **Key Achievement:** Orchestrated a targeted Black Friday commercial strategy, generating a **66%** year-over-year increase in weekend revenue against forecasts.
- Optimized staff scheduling and conducted continuous training to ensure high-end customer service standards.

Founder & E-commerce Manager *Independent Boutique | 2020 – 2023*

- Founded and managed the end-to-end operations of a retail clothing business.
- **Key Achievement:** Launched and managed the brand's e-commerce platform, increasing overall revenue by **35%**in the first year and expanding the customer base nationally.
- Handled supplier negotiations, inventory management, and sales KPI analysis.

Versatile Employee (Customer Service & Hospitality) *Various Companies | 2018 – 2020*

- Developed strong adaptability and stress management skills in high-paced environments (concurrent with studies).

Section Manager & Sales Assistant *JD Sports | 2016 – 2018*

- Managed inventory and supervised team performance within the apparel department.
- **Key Achievement:** Improved inventory turnover by **20%** through the implementation of a new visual merchandising and strategic restocking system.
- Awarded "Employee of the Month" on 4 separate occasions for outstanding sales results.

EDUCATION

Higher Degree in Web Application Development (DAW) *Galicia, Spain | Expected Graduation: 2026*

- Focus: Full-Stack development, software engineering, and database management.

Degree Studies in English Philology *University of Santiago de Compostela, Spain (Incomplete)*

LANGUAGES & ADDITIONAL INFORMATION

- **Spanish:** Native.
- **English:** C1 (Fluent) – Excellent written and verbal communication.
- **French:** B2 (Advanced) – Active preparation for integration into the Swiss market.
- **Tools:** Experienced Mac user.
- **Availability:** Immediate for remote interviews (Video call).
